The Goldfields Esperance Community Trust wants to hear how the project achieved its objectives. Each recipient is to provide a report within three (3) months of the project's completion date.

Final project reports will document the outcomes and achievements of the project and measure its success in meeting its original objectives.

Where a grant recipient has outstanding reporting obligations, it will not be considered for future funding until all its obligations have been met. This is to ensure that funds allocated to current projects have been used appropriately.
